

Says Portugal May Be First to Leave UN

By LUIS LUPU

LISBON, Portugal (AP)—Premier Antonio de Oliveira Salazar said in a speech prepared for delivery today Portugal "will surely be among the first countries to leave the United Nations organization."

"Meanwhile we shall refuse them our collaboration in everything that is not in our direct interest," he declared.

Reporting to the National Assembly and to the nation, the 72-year-old dictator criticized the United Nations, the United States and Britain for their failure to come to Portugal's support when India invaded Goa, Damao and Diu last month.

Referring to the U.N. mission of safeguarding peace, Salazar said he believes "we have the right to hear whether our presence and our collaboration are already useless in the United Nations."

"Even if we do not, I do not know yet whether we shall be the first country to abandon the United Nations, but surely we will be among the first. Meanwhile we shall refuse them our collaboration in everything that is not in our direct interest."

That statement was as near as Salazar came in a 10,000-word speech to suggesting direct action on three possible moves diplomatic sources here had expected him to announce as an aftermath of the loss of the Portuguese Indian enclaves.

They were possible withdrawal from the United Nations, revocation of the century-old British-Portuguese alliance and refusal to renew the Azores Island air base agreement with the United States when it expires this year.

The premier spoke as security officers still hunted the remnants of a rebel band that launched an unsuccessful New Year's Day revolt against Salazar's government. The Army Ministry accused the underground Communist party of planning and leading the uprising.

"According to information and statements already collected from some participants in the Beja attempt at sedition, the conclusion is that it was an action planned and led by the Communist party, within a general plan of promoting unrest in Portugal," the communiqué said.

The communiqué said no other unrest or violence was reported from other military establishments.

At least 16 rebels who took part in the revolt attempt were still at large and the government pressed a hunt for them.

Pilot Rescued From Tree in Swamp

PICAYUNE, Miss. (AP) — An Air Force rescue team plucked U2 pilot Charles Stratton from a cypress tree in a snake-infested swampy area near Picayune today.

Stratton, 32, an Air Force captain, was taken by ambulance to Keesler Air Force Base at Biloxi, Miss., 60 miles east of Picayune.

"The Air Force clamped a tight secrecy lid over his removal from the swamp. His condition was not immediately determined.

Stratton's home is Detroit, but he lives at Del Rio, Tex., with his wife and two children.

Search teams continued to hunt through the swampy area west of Picayune on the Louisiana-Mississippi border for the wreckage of the single-seater U2, similar to the plane which was downed over the Soviet Union in 1960 and created an international incident.

Capt. William N. Orr, deputy public information officer at Keesler, said the U2 was attached to the 408th Strategic Wing at Laughlin AFB. It was on a flight from Del Rio to Birmingham, Ala., and return.

The plane, in flames, crashed about 9:30 p.m. Witnesses reported seeing the fiery crash from as far away as New Orleans — 75 miles south-southwest of Picayune.

The U2, a high-altitude plane, became involved in a dispute between the United States and Soviet Union in May 1960 after Francis Gary Powers was downed over the Soviet Union. He was tried for espionage and is imprisoned in the U.S.S.R.

Stratton and Powers, a former Air Force officer, are friends.

Bishop Boaz Dies at Dallas Tuesday

DALLAS, Tex. (AP) — Retired Methodist Bishop Hiram A. Boaz, 95, former bishop of Arkansas and Oklahoma, died here Tuesday after an illness of six months.

Bishop Boaz, who was responsible for the consolidation of smaller Methodist colleges in Arkansas into Hendrix College at Conway, was also founder of Southern Methodist University.

The one-time farm boy was president of the now defunct Polytechnic College at Pott Worth when he persuaded Methodist officials to start SMU.

He became president of Texas Woman's College which succeeded Polytechnic but was later recalled to SMU when the school encountered financial difficulties.

He served as SMU president from 1920-22 when he was appointed bishop and assigned to the Orient.

Bishop Boaz is survived by three daughters, including Mrs. Graham R. Hall of Little Rock. Funeral services will be in Dallas at 2 p.m. Thursday.

Cuba Says Planes Violating Land

WASHINGTON (AP) — The Cuban government has formally protested that U.S. ships and planes have violated Cuban waters and air space "tens and hundreds" of times.

The State Department had no comment on the protest delivered Tuesday by the Czechoslovakian ambassador to the United States, Miloslav Ruzek. He has represented the Cuban government here since the United States broke diplomatic relations with Cuba.

Singing Group Won't Sign Loyalty Oath

NEW YORK (AP) — A folk-singing quartet was barred from appearing Tuesday night on the National Broadcasting Co. Jack Paar television program because its members refused to sign loyalty oaths, an NBC spokesman said.

Milton Brown, manager of program publicity for NBC, said the action was taken after members of the group, "The Weavers," declined to sign statements that they were not members of the Communist party.

Brown said that when questions arise concerning such associations, "NBC seeks to obtain the information as to the facts from the performers themselves."

"Two of the present four members of the singing group known as 'The Weavers,' Brown continued, 'have refused to testify before a congressional committee on this matter.'"

Fred Hellerman, a member spokesman for the quartet, said he and another member, Leo Hays, had invoked the Fifth Amendment at congressional inquiries.

Other members of the quartet are Ronnie Gilbert and Erik Darling.

Hellerman said the group's decision not to sign the NBC statement was unanimous.

"We resent the indignity that such a request implies," he said. "Moreover, we feel strongly that no private business establishment such as NBC has the power or the right to require proof of a citizen's patriotism."

HEBER SPRINGS, Ark. (AP) — Sheriff Martin Turney said a second degree murder charge was filed Tuesday against David Joe Spann, 19, of Wilburn, Cleburne County, in connection with the death of his father, Joe H. Spann, 60.

Bond was set at \$2,500.

The elder Spann was shot and beaten to death last Friday night. The son was quoted as saying the two fought after they had quarreled while on a deer hunt.

Convicted of Birth Control Law Violation

NEW HAVEN, Conn. (AP) — Two officials of a planned parenthood center have been convicted of violating Connecticut's 83-year-old birth control statute.

Dr. C. Lee Buxton, chairman of the Obstetrics and Gynecology Department at Yale Medical School, and Mrs. Richard W. Griswold, executive director of the Planned Parenthood League of Connecticut, were fined \$100 each in circuit court Tuesday.

They were charged with advising on the use of birth control devices at the league's recently opened planned parenthood clinic here.

Police raided the clinic Nov. 10. It was opened Nov. 1 to challenge the old statute, which the U.S. Supreme Court last year called merely "dead words."

The tribunal refused to rule on the law's constitutionality on the grounds that no one was being prosecuted under the 1879 statute. The league, which has opposed the law for 39 years, was forced to close its last clinic in 1940.

The law bans the use of any drug, medicinal article or instrument for the purpose of preventing conception. A related law states that any person who helps or advises another to break a law can be punished as if he were the principal offender.

Dutch Proposal to Negotiate Flatly Rejected

By PETER ARNETT

JAKARTA, Indonesia (AP) — Foreign Minister Subandrio today rejected the latest Dutch offer to negotiate their dispute over West New Guinea. He said Indonesia would negotiate only if the Dutch agreed in advance to transfer the area to Indonesian control.

Otherwise, said Subandrio, Indonesia will take the Dutch-controlled western half of the big island by invasion, as it has threatened.

"We do not object to bilateral negotiations with the purpose of the transfer of the administration of West Irian (West New Guinea) to Indonesia," Subandrio said.

Subandrio thus replied within 24 hours to Dutch Premier Jan de Quay's unconditional offer to talk over the future of the 150,000 square miles of jungle and mountain territory claimed by Indonesia ever since it won independence from the Dutch in 1949.

Subandrio said De Quay's offer "seems to me to be a mere formality because he still emphasized the basic policy of the Netherlands is self-determination for the people of West Irian."

In the Hague, the Dutch government refused to comment on Subandrio's rejection. It has no diplomatic relations with Indonesia. A spokesman said the government expected to be informed officially of the Indonesian reaction through the U.S. government or acting U.S. Secretary-General U Thant.

Legislator Raps Hunting on Sunday

LITTLE ROCK (AP) — The state Legislative Council was asked Tuesday to condemn the state Game and Fish Commission for allowing deer hunting last Sunday.

State Rep. Raymond L. Mays, who seeks the council action, of Cleveland County termed the Sunday deer hunting a violation of "all principles of the sanctity of the Sabbath."

Nelson Cox, commission secretary, said a special deer season for Dec. 29-31 was set last July and the commission did not realize one of the dates fell on Sunday until too late.

Cox said there have been no complaints against hunting rabbit, squirrel, quail and duck on Sunday during their seasons.

Several complaints concerning hunting deer on Sunday were received from ministers, Cox said, but not from the general public.

The matter falls before the council Jan. 19.

Files for 9th Chancery Post

LITTLE ROCK (AP) — Russellville Attorney Richard Mobley filed his corrupt practices pledge Tuesday as a candidate for judge of the Ninth Chancery District, the position now held by Judge Wiley W. Bean of Clarksville.

Bean was appointed to serve until a successor to the late Judge George O. Patterson could be elected. Bean is ineligible to succeed himself under a state constitutional prohibition.

The Ninth Chancery District includes Johnson, Pope, Conway and Faulkner Counties. The Democratic committees in these counties will set the filing fee for candidates.

The 44-year-old Mobley was chancellor of the district in 1951-52. He is a graduate of Helena High School and the University of Arkansas Law School.

Holiday Death Total Is 337

CHICAGO (AP) — Traffic accidents during the three-day New Year's holiday weekend killed 337 persons, exceeding the National Safety Council's pre-holiday estimate of 330 deaths.

The final count showed that in addition to the traffic toll, 83 persons died in fires and 59 others were killed in miscellaneous accidents for an over-all total of 479.

The count covered a 78-hour period beginning at 6 p.m. (local time) Friday and ending at midnight Monday.

Deaths in fires set a record for a New Year's period since World War II. The previous record was 74 in 1955-56.

Court Rule Raises a Question

LITTLE ROCK (AP) — A question was raised here Tuesday whether a recent federal judge's order for two Arkansas firms to return operations to St. Louis may restrict free movement of industrial operations.

William P. Rock, executive director of the Arkansas Industrial Development Commission said the ruling by Federal Judge George H. Moore last Friday in St. Louis has the "appearance of restraining movement of operations from one area to another."

Moore ruled the Southern Manufacturing Co. in Walnut Ridge and the Blades Manufacturing Co. at Rector must return their equipment to St. Louis and relieve employees laid off there.

Rock said "the whole industrial movements in some respects appears to have restrictions with which we haven't been previously acquainted."

Glen L. Oole, attorney representing both companies, said an appeal would be made of Moore's ruling.

Oole termed the ruling illegal because it forces the firms to comply with an illegal clause in the contract.

He said the clause is designed only to prohibit subcontracting to other outfits.

Rock expressed concern over Moore's interpretation of the clauses dealing with seniority and subcontracting.

Action to Free Nat'l Guards Later in Year

PALM BEACH, Fla. (AP) — President Kennedy ordered today the immediate formation of two new Army divisions, expanding the service to 16 permanent divisions.

The Palm Beach White House said the activation of the two divisions would permit the release "later this year," with no time specified, of the 32nd and 40th National Guard Divisions which were called to duty last Oct. 15 in the armed forces buildup precipitated by the Berlin crisis.

One of the new regular divisions, the 1st Armored, will be activated at Ft. Hood, Tex. The other, the 3th Mechanized Infantry will be organized at Ft. Carson, Colo.

White House press secretary Pierre Salinger said Kennedy approved the action at meetings Tuesday and this morning with Vice President Lyndon B. Johnson and the nation's top defense officials.

He said it was the first item of business on this morning's agenda, after the joint chiefs of staff flew into Palm Beach from Washington or the preparedness talks.

Qualified sources said the two National Guard divisions summoned to duty should not anticipate returning home for at least several months. The 32nd of Wisconsin, is training at Ft. Lewis, Wash., and the 49th of Texas, at Camp Pulk, La.

By WHITNEY SHOEMAKER — PALM BEACH, Fla. (AP) — President Kennedy and the nation's defense officials, civilian and military, today analyzed challenges that may face U.S. armed forces this year.

Kennedy called the Joint Chiefs of Staff from Washington to join preparedness discussions that began Tuesday in the spacious living room of the beachfront estate where he has been spending the Christmas-New Year's holidays.

White House press secretary Pierre Salinger said the conferences would explore "the operational and strategic outlook for 1962."

Vice President Lyndon B. Johnson, Secretary of Defense Robert S. McNamara, Deputy Secretary James W. Parsons and Gen. Maxwell D. Taylor, Kennedy's personal military adviser, already were on hand.

At the start of the defense survey Kennedy went over the entire Army structure with Johnson, McNamara and Parsons.

Namara, Gilpatrick and Taylor. They reportedly are trying to hit on a more efficient combat organization, one which would embrace the regulars, the National Guard divisions and the reserves.

Placing five additional divisions in combat ready status is part of Kennedy's program for building up the armed forces.

It was announced that Kennedy would visit Mexico some time this year. It was believed he will make the trip within the first six months of 1962, probably in the spring.

Kennedy passed up his customary cruise on the presidential yacht *Honey Fitz* but Salinger said he was thinking of taking the defense officials for a cruise today on Lake Worth.

Between conferences, Kennedy drove to St. Mary's Hospital in neighboring West Palm Beach to call on his ailing father, Joseph P. Kennedy. He spent about half an hour with the former ambassador who is recuperating from a stroke.

The President's two children, John Jr. and Caroline, were taken by their mother to visit the elder Kennedy.

Convict's Story Under Full Probe

LYNN, Mass. (AP)—A Mississippi convict is being held for a fugitive from justice hearing while investigators try to determine if his bizarre tale has any basis in fact.

Mississippi authorities say it hasn't.

Kimble Berry, 24, of Greenville, Miss., reported to Lynn police two weeks ago, saying he had been furloughed from a Parchman, Miss., prison to pick up a half million dollars in burglary loot.

Berry wasn't arrested until Tuesday. He was jailed when he couldn't post \$5,000 bail.

Repeating his story for newsmen then, Berry said he was given a 10-day Christmas furlough, new clothing, a pistol and an automobile to go to a Keiser, Ark., bank and recover loot from a Mattiesburg, Miss., burglary.

He was to return with the loot—\$15,000-\$20,000 in cash, about \$289,900 in negotiable securities and about \$239,000 in promissory notes—and was promised a pardon.

Berry, who had five months remaining on an eight-year sentence for manslaughter, said the proposal was made at a conference

Berry said he was to have received the loot from a safe deposit or locked box in the bank. He said he didn't go through with it because he saw two men in front of the bank he thought were carrying guns.

Prison officials deny the whole story, accusing Berry of overstaying his Christmas furlough. A warrant signed by Mississippi

Judge Arthur B. Clarke Jr., charges Berry with breaking or escaping from the penitentiary.

Officials at the bank where Berry was to have picked up the money said they have no such thing as safe deposit boxes.

The Memphis Commercial Appeal reported that a prisoner who asked not to be identified said the bulk of the burglary loot was burned the night of the crime with only the cash held out.

Recommends \$71,007 for 890 Acres

LITTLE ROCK (AP)—A three-member commission has recommended that the federal government pay \$71,007 for 890 acres of land it took in Cleburne County for the Greers Ferry dam and reservoir.

The recommendation was made in a report filed with U.S. District Judge J. Smith Henley.

All or part of seven farms were involved in the condemnations.

At hearings in November and December, government witnesses estimated total value of the land at \$47,750 and witnesses for owners placed the value at \$110,495.

Largest recommended award of \$32,100 would go to Tom Taylor for 234 acres of land about six miles northwest of Heber Springs.

The commissioners, who were appointed by Henley, were William S. Walker of Harrison, Fred Beaman of Searcy and Russell L. Schuh of Russellville.

Schuh is being replaced on the commission by J. Frank Watts of Marshall. Schuh, an accountant, asked to be relieved of commission responsibilities during the period for filing income taxes.

Fallout Survey Includes Hempstead

LITTLE ROCK (AP)—Contracts for a survey of 16 counties to determine which structures would be appropriate for public fallout shelters have been awarded by the U.S. Army Corps of Engineers.

The contracts went to Reinheimer & Cox and Ann H. Bintliff & Ollie N. Bell, both Texarkana architectural firms.

The two firms will determine the structures to be surveyed and will handle the actual survey. Ninety days has been allowed for the study of suitable buildings, mines, caves and tunnels.

The counties to be surveyed include: Sevier, Howard, Pike, Clark, Dallas, Cleveland, Little River, Hempstead, Nevada, Ouachita, Calhoun, Bradley, Miller, Lafayette, Columbia and Union.

Johnson had approved Berry's furlough in Barnett's absence.

Comparison of Kennedy Starts Now

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP)—From now on, after a year in office, President Kennedy more and more will be compared in policies, performance and personality with men who had his job or have one like it.

Kennedy is more like former President Dwight D. Eisenhower and British Prime Minister Harold Macmillan than any other world leader of recent times.

Haughty, stubborn French President Charles de Gaulle is a complete opposite. So is earthy, bouncy, extroverted Soviet Premier Khrushchev. So is former President Harry S. Truman.

Truman was more outwardly aggressive and the result was a lot of conflict—for instance, with Republicans and particularly Sens. Taft and McCarthy—which he seemed to enjoy.

Some of his conflicts might have been avoided with different tactics but this is not to say he was wrong, given the time and circumstances of his presidency.

The country will be forever grateful to him for his decisiveness in beginning foreign aid, his military alliances and stiff-arming the Russians.

In all these areas, and a dozen others, there was conflict of one kind or another.

Much of his willingness to accept it and chance his political future on it no doubt was in part a product of his early background in Missouri precinct politics.

He played politics the way it had been played for generations. But that way may not be seen again for some time if only because the circumstances of the presidency are different.

In the Truman years and all those that preceded it—before a trigger-pull on hydrogen missiles

could devastate a continent—a president could afford to occupy himself more with domestic politics.

Some other possibilities may also explain the change which has taken place in the presidency as demonstrated by Kennedy and Eisenhower. For instance:

1. American politics may be entering a more sophisticated period when the traditional cat-and-dog fights between a president and his opposition look old fashioned and time-wasting.

But more than the Kennedy-Eisenhower presidencies will be needed to show whether this is the case.

2. It may be simply that Kennedy and Eisenhower either think it shrewder and in the long run more fruitful to compromise and avoid brawls or they just don't have the stomach for slam-bang fights.

To put it another way, it seems to be a necessary part of their nature to avoid embroilments. Eisenhower did that with Taft, McCarthy, and with everyone else when he could.

But then, of course, he didn't come up through the American political system, either. Even as a general he had made a reputation for avoiding open breaks and in getting opposing factions to work together.

This is how he operated with his Democratic opposition. It is clear, after a year in office, that Kennedy is following with his Republican opponents the same course Eisenhower pursued with the Democrats.

Even though this is a congressional election year and he wants more Democrats in the Capitol, an authoritative source at Palm Beach let it be known Kennedy is making a peace offering to Republicans before Congress opens for 1962: he won't do any heavy politicking.

Eisenhower went less than all-out on some of the programs he asked Congress to pass. Kennedy already has shown a great willingness to compromise.

On the other hand, at a time when the Russians have weapons just as sudden and terrible as this country's, both Eisenhower and Kennedy must have felt the day-by-day American political slugging of the past is small potatoes compared with the greater conflict with communism.

The mantle had an arrangement of magnolia leaves and tall white tapers on it. Three white bells hung from the center of the room. The ceiling was completely covered with balloons.

The three tiered pink and white cake with 17 candles was the center of attraction on the table overlaid with a pale pink cloth. Miss McRay and Miss Franks served the cake and punch to approximately 75 guests.

Clues Sought in Slaying of Socialite

PACIFIC PALISADES, Calif. (AP)—Police sought clues today in the mysterious slaying of a pretty young socialite who was brutally beaten in her \$100,000 home and then dumped into a water-filled tub.

Doris June Bowman, 32, willowy honey-blond mother of three and a community leader in this swank Southern California seacoast town, was found dead Tuesday. She was the wife of Dr. Frank Potter Bowman, 39, medical director for the Southern California Edison Co.

A neighbor who brought one of Mrs. Bowman's children home from nursery school shortly after noon found her fully clothed body in the tub. Dr. Bowman was summoned home from his office in downtown Los Angeles.

Police said an intruder apparently hit Mrs. Bowman several times with a blunt object, dragged her 40 feet from the kitchen into the bathroom and put her body in the tub. She was wearing blue capri pants and a black blouse.

Investigators said the house was not ransacked. Bloodstains and fragments of teeth found in the house showed that Mrs. Bowman had battled for her life. Blood stains on the bathroom basin indicated the killer took time to wash before fleeing. Blood smudges were found in several places, including near the front door.

A watch on Mrs. Bowman's wrist was stopped at shortly after 10 o'clock. Neighbors said they had seen no strangers during the morning, nor had they heard any sounds of a struggle in the house. The doors were locked and there was no evidence of forced entry.

There was speculation that Mrs. Bowman may have surprised a prowler bent upon burglary but homicide Sgt. Virgil A. Peterson, in charge of the investigation,

commented: "We have no leads, no suspects and can find no motive for the crime."

What Happens When Men Don't Act Like Men

By HELEN WORDEN ERSKINE

Dear Helen: I had a very happy marriage for 58 years. My husband was head of the house and I respected and loved him for it. We had two sons, one of whom is a professor in a Midwestern college. Both are doormats in their own homes.

The professor has cooked every meal for 20 years, unless I'm around to relieve him. Do you think his wife helps? Never! Their teen-age son is utterly spoiled, with no control over his temper. When my son attempts to correct him, the mother flounces off in a rage. While my second son doesn't do the cooking he doesn't say a word to his boys, nor his wife will throw a tantrum. Both boys ask me where they have failed as husbands.

My husband and I had no trouble raising our family. We worked together but I didn't expect him to do the housework and cooking. To me, that is debasing for a man. His place was in the office and mine in the home. With this reversal of standards I can see why there is so much trouble with children today. If wives don't look after their husbands, how can you expect the children to?

—Mrs. E. D., Guilford, Conn.

Dear Mrs. E. D.: I wholeheartedly agree with you. I believe the husband always comes first. A man should be built up, not undermined, if he is to be a success in life. Nature has cast him as the aggressor, the provider and the protector. When that role is reversed he loses his birthright.

I've seen it happen in my own family. The wife of a relative has literally all but destroyed her husband by refusing to assume her responsibilities as wife and mother. Like your son, he does the cooking, plays nursemaid to the children and acts like a shadow in his own home—anything to side-step one of his wife's tantrums.

Though sorry for him, I blame him as much as her. He never should have permitted the situation to get out of hand. He should have wrecked everything in the house, if needs be, before he let her take over.

Mr. and Mrs. Bert Lee of Fowler, Colo. left Hope Tuesday after spending a few days with her sisters, Mrs. Blanche Lewallen and Mrs. Maud Lewallen.

Mr. and Mrs. G. B. Hughes returned home Monday after a visit with the George McMoran family in Hemet, Calif. Mrs. J. R. McWhorter of Pittsburgh, Texas, accompanied them home for a visit.

Miss Cynthia Forster left Tuesday for college at Columbia. Miss Forster spent Christmas with Mrs. Marguerite Forster, Susan and Mr. and Mrs. L. W. Young.

Blytheville Turns Down Hospital Tax

BLYTHERVILLE, Ark. (AP)—Mississippi County voters have turned down a proposal to levy an .88-mill tax to finance construction of a hospital in the western section of the county.

With 42 of 50 boxes reported, from Tuesday's special election, the vote on the tax levy was 2,343 for, to 3,019 against.

A \$380,000 bond issue would have been supported by the tax, although county officials had hoped to get \$150,000 worth of federal Hill-Burton funds.

Residents of the Manila-Leachville area in the western part of the county opposed expansion of county hospital facilities at Blytheville and Osceola in 1961. They said any new construction should be in their area.

Work on the additions at Blytheville and Osceola went ahead after plans for Tuesday's election were announced.

Bradley Rejects Nursing Home

WARREN, Ark. (AP)—Continuation of a two-mill hospital tax to finance construction of a 60-bed nursing home here apparently has been rejected by Bradley County voters.

The vote stood at 514 for, to 689 against with 26 of the county's 28 boxes in.

County officials said before the Tuesday election a \$180,000 bond issue could be retired by continuing the hospital tax, which is scheduled to expire this year. The bond issue would have been added to federal Hill-Burton funds to build a \$540,000 nursing home adjacent to the county hospital here.

Castro Awaits New Invasion Fully Armed
By GEORGE ARFELD
HAVANA AP—Backed by modern Soviet-bloc weapons and Latin America's fastest air force, Fidel Castro says his armed forces await a new invasion "with a smile on our lips."

The Cuban prime minister showed off his new military equipment Tuesday at a parade marking the third anniversary of his victory over the Batista dictatorship. He said that "Yankee imperialism" was the sole reason for Cuba's rearmament.

Highlights of the parade were three Communist-made MIG19 jets which swept overhead with a flight of 18 MIG15s or improved MIG17s.

The three swept-wing MIG19s are the fastest planes known to be operating in any Latin American air force. A ripple of pride and excitement swelled through the crowd as the jets roared over Havana's Jose Marti Square.

The MIGs are believed to have been piloted by Cubans who recently completed flight training in Czechoslovakia.

Castro said his forces have been much improved since they defeated the Bay of Pigs invasion of Cuba last April.

"We are not a warmonger," he said. "We do not want to use these arms. But we shall fight (if attacked) with a fierceness unimaginable by our enemies. We will also exterminate them. We await the invaders with a smile on our lips."

The Cuban leader assailed his critics in other Latin countries, especially Presidents Romulo Betancourt of Venezuela and Alberto Lleras Camargo of Colombia, whom he called "murderers of workers, peasants and students."

Addressing himself to fellow Latins, Castro said: "Brothers, mobilize against any eventuality. The stupider they (the United States) act, the faster the hour of liberation approaches." The crowd roared approval.

Ban Is Removed

WASHINGTON (AP) — Diplomatic and economic sanctions against the Dominican Republic are expected to be removed Thursday by the council of the Organization of American States.

Diplomatic sources here said Tuesday that the action probably will be taken on the recommendation of a special committee which has made periodic visits to the Caribbean island since the sanctions were imposed in 1960.

No Surprises in JFK Plans for New Year
By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — President Kennedy's plans for 1962 — as outlined to newsmen over the weekend at Palm Beach — call for no surprises and little heat.

His views are authoritatively based on discussions he has had with men close to him.

What he is reported to have said adds up to leadership but of a kind neither sensational nor original. It was that way in 1961. He apparently wants it that way.

In foreign affairs he plans a steady plugging away at policies already established and, on domestic problems, a mild and cautious attitude which some may think too mild and overly cautious.

Secretary of State Dean Rusk once remarked to people around him that he does not want to be judged on the merit of some particular action but, when he is through, on the over-all value of events, past and ahead, seems to have pretty much the same view.

While Premier Khrushchev at 67 is 23 years Kennedy's senior, it is the older man who sounds like a romantic, the younger, the one without illusions.

While Khrushchev has predicted the triumph of communism like a man taking pep pills, Kennedy has repeatedly regarded the East-West struggle as long, bleak and rugged.

This showed up again in the Palm Beach reports which said he thinks the balance of power is on the side of the West—but perhaps only marginally.

Over the long run, he thinks the West can keep the margin but not so much as to have full freedom of action.

Otherwise, what came out of Palm Beach on his thinking about foreign affairs can be boiled down to this: That this country will follow the Truman-Eisenhower policy of aiding newly emerged nations, neutrals included, to help them stay free of Moscow. It will keep strong militarily and stand with its allies.

In other words: he'll keep on doing in 1962 what he did in 1961. At home this year, as last, he has to deal with a Congress where, although his own Democrats are in a majority, the prevailing mood is and has been conservative.

His own performance last year, in dealing with Congress, was pretty conservative, too. He did not fight hard enough for his programs to make anyone very mad at home.

His own explanation for this may have been revealed at Palm Beach; that while he considers his administration progressive, his progressive aims are tempered by reality.

This could mean he did not spend time fighting Congress for something he didn't think would be approved or that he did not want to make so many people mad at him on one issue that they would gang up to block him on something else.

This, the Palm Beach stories indicate, will be his policy also.

The Road to the Snail
by WILLIAM P. MCGIVERN
Illustrated by Margaret Burroughs

THE STORY: After the Marquesa refused to build a road to give access to The Snail, a villa Dennis Campbell has rented, the Englishman buys tools and sets out to build the road himself.

Chapter IX

There was a word of encouragement for Dennis from Commodore Nelson Shapely, an old China hand.

"The man has old-fashioned guts, at least," he said, jabbing his cigar at the empty chair opposite him. "Work to be done, so he's pitching in. I tell you, I wouldn't trade that spirit for a thousand coolies. He'll get nowhere, but he's trying."

The Commodore was a short fair man in his middle sixties, with a fringe of white hair. He was an American engineer who had worked 30 years for oil companies in the far east. The title of Commodore stemmed from his stewardship of the Hong Kong yacht club in the early 20's.

Everyone avoided him because he was forever getting people mixed-up without realizing it. He would casually place a man in Gibraltar with someone else's wife, or imagine that he'd lunched with people in Biarritz — people who not only hadn't been there but who had pressing personal and financial reasons for not being there.

About 10 o'clock the next morning Terry Larkin, the friend of the Marquesa, stopped at my villa. I was pleased to see her, although she explained in her starchy manner that she wasn't calling socially.

"Mr. Campbell asked me to give you a message," she said. "He's having trouble with his maids and he doesn't understand enough Spanish to put things right. He's hoping you'll come and talk to them."

"Of course, I'll come right up."

"He seems a bit desperate. I suppose you know he's trying to build the road. With a pick and shovel and his own two hands."

"Yes, I heard about that. What's the Marquesa's reaction?"

"She was angry at first. Now she thinks it's quite funny."

"I see. Well, thanks. I'll go up and see him."

She looked away uncertainly, and I saw a touch of color rising in her cheeks. "Don't mention it," she said, and walked down through the gardens with her back stiff and straight. I had got a funny impression that she might have wanted to stay and chat a while.

I found Dennis working in front of the Snail, swinging a pick with a weary but determined rhythm against the rocky ground.

"Hello, John," he said, straightening and putting a hand against his back. "Good of you to come up."

He had broken up three or four square yards of rocky soil.

"You think this is a sensible project?" I asked him.

"I don't know. But I'm not going off whining like a whipped dog."

Words cannot express our thanks to the friends for their many acts of kindness and words of sympathy during the illness and following the death of our beloved wife and mother.

We also want to thank those who sent floral tokens of remembrance.

Russia Didn't Offer Any New Ideas

By LEWIS GULICK

WASHINGTON (AP) — Preliminary reports indicate Soviet Foreign Minister Andrei A. Gromyko did not offer any new Kremlin position on Berlin in his conference with U.S. Ambassador Llewellyn Thompson, informed sources say. But a sudden change had not been expected.

The officials said they expect Thompson will be instructed to meet Gromyko again fairly soon in an effort to find a solution to the explosive problem.

President Kennedy, who was kept informed in Palm Beach, Fla., of the Moscow developments was described as believing it important to keep open the diplomatic contact with the Russians.

Thompson's first dispatch was said to have been a brief resume of Tuesday's initial conversation. A lengthier account was expected to be available today.

State Department officials intended to study it carefully for any slight change in Gromyko's position which might point the way toward a new approach to the seemingly deadlocked dispute.

After Thompson's complete report has been gone over thoroughly new instructions will be dispatched to him on undertaking a follow-up session with Gromyko.

Gromyko's reported reiteration of the Kremlin line on Berlin did not come as any big surprise here.

The pattern of discussions with the Soviets in the past is that at the outset both sides expound their known positions.

Thompson himself was under instructions to repeat the Western determination to stand firm on its rights in Berlin.

More Troops Move

BERLIN (AP) — The U.S. Army today announced another movement of combat troops across East Germany along the highway linking West Berlin and West Germany.

The Communists have called the troop movements provocative but Soviet officials on the autobahn have continued to check them through.

The Army said elements of Co. A, 3rd Battle Group, 6th Infantry, will leave Berlin Wednesday for training in West Germany. The rest of the company will move in the next few days.

Winter Brightened

LONDON (AP) — Winter sunshine intermittently brightened parts of Southern England today, but most of the British Isles still lay in the grip of a New Year deep freeze.

The temperature was 33 in London after a low of 19 above. But another drop, accompanied by fog, was forecast for tonight. Weather men hoped for a real thaw Thursday.

Despite all-night work by rail gangs, many trains were still frozen to the tracks in the yards under a coating of four inches of ice.

SECTION 1: That for the privilege of using the public streets, alleys, public grounds and places in the City of Washington, Arkansas, necessary in furnishing natural gas to the inhabitants of said city, and furnishing, selling, and distributing natural gas to its customers within said city as a public utility, all gas companies having set up and in operation one (1) or more gas meters through which gas is sold to customers in the City of Washington, Arkansas, shall pay to said city a franchise tax as hereinafter set out.

Dietzel Is Expected to Leave LSU

WEST POINT, N.Y. (AP)—Despite some opposition from the Louisiana State Board of Supervisors, Paul Dietzel is expected to leave the football power he built at LSU for a new challenge as head coach at Army.

Army, which hopes to make an announcement Thursday, is believed to have offered the former West Point aide a five-year contract at \$20,000 a year. There also are the fringe benefits of attractive, free living quarters at the Point and post exchange and commissary privileges, probably worth another \$5,000 a year.

Dietzel, 38, one of the nation's most successful young coaches, still has four years to go on his LSU contract at \$18,500 a year. Jim Corbett, LSU athletic director, said the coach had not asked for his release, but indications were the request would be made today. The New Orleans Statesman said it had learned that Dietzel would fly to West Point Thursday.

Hereabouts, the trip is being pegged as an introduction of the new coach, who will succeed Dale Hall. Hall was fired after three years and three losses to Navy.

If and when Dietzel requests his release, sparks may fly in the bayou. The personable former assistant to Army's Earl Blaik built LSU into a perennial national power in a matter of three years.

Taking over in 1955, he had an unbeaten, national champion by 1958 and in seven years his overall record has been 46-24-3 including a 2-1 record in bowl games. This season LSU lost its first game (at Rice) then won 10 in a row—including Monday's 25-7 whipping of Colorado in the Orange Bowl at Miami.

Dietzel would have to receive a favorable vote from a majority of the 14-member board of supervisors to obtain his release and several members have indicated they feel Dietzel should stay.

Wildcats Go After 12th Straight Win

By JIM HACKLEMAN
Associated Press Sports Writer

Villanova's Wildcats go after their 12th straight victory tonight against another unbeaten team. But the opposition isn't likely to provide a major test despite its spotless record.

The Wildcats play Selon Hall (4-0) at the Villanova Field House. From past performances, Jack Kraft's hustling 'Cats should send the Richie Regan's Pirates. While Villanova has been heating some big boys and zooming into No. 5 position in the national rankings, Selon Hall has been building its record against lesser lights.

In other games tonight, Eighth ranked Duke is at home to Penn State, Texas Tech opens defense of its Southwest Conference title against Texas and West Virginia returns to Southern Conference competition, where it is 5-0, after losing three out of its last four to non-league rivals. The Mountaineers entertain VMI.

Kentucky, third ranked nationally and the only member of the top ten in action Tuesday night, took a 19-point lead against Virginia in the opening half and whipped the Cavaliers 93-73. Adolph Rupp played 15 Kentuckyans and 12 of them scored, with Larry Pursiful's 21 points high. Colton Nash added 18 for the Wildcats and Seattle Baesler had 17.

Indiana tied its team scoring record and scored a new high against a Notre Dame squad, pounding the Irish 122-93.

In the last-minute hero department—Jerry Smith's three-point play with 37 seconds to go gave Furman a 77-76 Southern Conference squeaker over William and Mary; Bill Kirvan's three points in the final 56 seconds of overtime provided the clincher as

Cats Capture 2 of 3 From Guernsey

By VINCE FOSTER

Hope took two out of three from Guernsey in Jones Field House last night as the Jr. Girls took their fourth in a row 26-10, the Lady Cats won number two 32-24 and the "B" squad was whipped 54-46.

The Junior Girls were slow in starting and slow finishing, but in between they made up the difference. Leading 12-7 at the half, Hope outscored the visitors 12-3 in the third period and added two more in the fourth to come off front 26-10. Shirley Smith crossed the 70 point mark by leading Hope with 15. Hatfield took 7 and Gaines and Ellis sacked two each.

The Senior Girls trailed Guernsey in the first two quarters 7-4 and 15-13, but roared back at the half to go out front 25-21. They outscored Guernsey 7-3 in the final period to win 32-24. Melba Calhoun was high with 15 and Callieut took 8, Ward 7 and Lloyd hit 2. Adams, Rosenbaum and Jones had 8 each for the losers.

The B team trailed 14-7 in the first quarter, but narrowed the lead to 24-23 at the half. They were outscored 20-23 in the second half and found themselves on the short end of a 54-46 score at the buzzer.

Dan Jones led the Cats with 27 and Tony Purdie had 7. Thrash and McDowell scored 6 each, and Sprague and Wassell took 3 each. Horton scored 2 and Reinhardt 1. Friday night the Jr. and Sr. Boys travel to Nashville and then open their conference season with Malvern here Saturday.

Kentucky Is Seeking New Grid Coach

LEXINGTON, Ky. (AP)—Kentucky began looking for a football coach today after the university's athletic board fired Blanton Collier, the softspoken coach who replaced Paul (Bear) Bryant.

The board voted Tuesday to buy the remaining three years of Collier's contract, saying its decision was by "mutual agreement" with Collier. His salary was reported at \$17,500 annually.

The board only five weeks ago gave Collier a vote of confidence. Collier, 55, who came to Kentucky in 1954 and compiled a 41-36-3 record, said he had no immediate plans for the future.

Bryant, who came to Kentucky in 1946, pulled the Wildcats out of the football doldrums and led them to three major bowls, the Orange, Sugar and Cotton—in successive years. He left in 1953 to take the head coaching job at Texas A&M and now is at Alabama.

The Wildcats were 5-5 last season.

New Pact for Bog 10 and Rose Bowl

PASADENA, Calif. (AP)—The Big Ten and Big Five conferences apparently are in agreement over a contract for an annual Rose Bowl football game.

Representatives of the two athletic organizations discussed at length Tuesday the possibility of reinstating the old contract they operated under for 13 years before its expiration after the 1960 Rose Bowl game.

There probably will be one major difference, however. The Big Ten intends to adhere to its no-repeat rule, but the Big Five—with fewer teams—probably will not. Under the no-repeat clause Minnesota would not be eligible for the 1963 Rose Bowl game, were it to win the Big Ten title again next fall. Its last two appearances were on a special invitation basis.

Lathrop Leishman, chairman of the Tournament of Roses Football Committee, said he expected no complication in signing of a new pact because "our relations with the Big Ten have been so admirable. These things always take time."

Hawks Easy for Celtics of Boston

By THE ASSOCIATED PRESS

The St. Louis Hawks, it develops, are not yet ready to resume the kind of play that took them to five straight Western Division championships in the National Basketball Association.

The Hawks, after winning three in a row, tried their old Eastern Division sparmates, the Boston Celtics, for size Tuesday night in the opener of a doubleheader at Madison Square Garden.

Final score: Celtics 136, Hawks 99.

It was the fifth straight victory for Boston over St. Louis this season and the Celtics did it with ease after shaking off the Hawks in the second quarter.

The New York Knicks beat Detroit 110-104 for their third straight triumph in the Garden tonight, and Hal Greer and Larry Castello triggered Syracuse's 127-102 romp over Chicago in the two other NBA games.

Porkers Open Conference Play Tonight

FAYETTEVILLE, Ark. (AP)—Arkansas' winning Razorbacks open their Southwest Conference basketball season against Texas A&M here tonight with an eight-game victory streak at stake.

The surprising Porkers, who over the weekend emerged as champions of the Poinsettia Classic at Greenville, S.C., are being talked of as a contender for conference laurels for the first time since 1958, when they tied Southern Methodist for the crown.

Sparking the Razorback attack, which has been successful since the season's opening loss to Kansas, are Jerry Carlton of Sheridan and Tommy Boyer of Fort Smith. Carlton has moved into the lead in conference scoring with 164 points, one more than SMU's Jan Loudermilk.

Also opening conference play is defending champion Texas Tech which meets Texas at Lubbock. SMU meets Texas Christian and Rice is at Baylor Thursday night to round out the opening conference games.

Another full slate Saturday night pits Arkansas against Texas, Tech is at A&M, Baylor plays at SMU and Rice is at TCU.

Tennesseans Beat Arkansas College

BATESVILLE, Ark. (AP)—Arkansas College made a game try in the waning minutes but couldn't overcome a lead by Union College of Jackson, Tenn., Tuesday night and fell to an 82-70 basketball defeat.

Union held a 48-41 halftime margin but the Highlanders pulled to within two points with four minutes left on the clock.

Olis Griffin paced Union and took scoring honors with 22 points. Lavaughan Robertson was high for Arkansas College with 21.

Classrooms Short, Report Indicates

WASHINGTON (AP)—Despite a record year of construction the nation's public schools are still short 127,200 classrooms, the Office of Education reports.

It added that the pace-setting year of school building did make some headway in cutting down the room shortage but that the gain may be wiped away next fall by a flood of new pupils.

Based on a survey of state departments of education, the office said there were 37.5 million enrolled in the public schools last fall, an increase of 1.2 million over figures for the fall of 1960. Most of the increase was in secondary schools.
